

Maintaining Emergency Contacts

Emergencies can happen at any moment at work, so having current emergency contact information on file for all employees is important. The Office of Human Resources is requesting that all employees add or update their Emergency Contact Information in Workday. Emergency contact information will remain confidential and will only be utilized by HR personnel in the event of an emergent situation.

Follow the steps below to update or change your Emergency Contacts in Workday to maintain current and accurate information.

From your inbox, locate the "Review and Update Emergency Contact" task.

From the task's screen, click on "My Emergency Contacts."

My Emergency Contacts

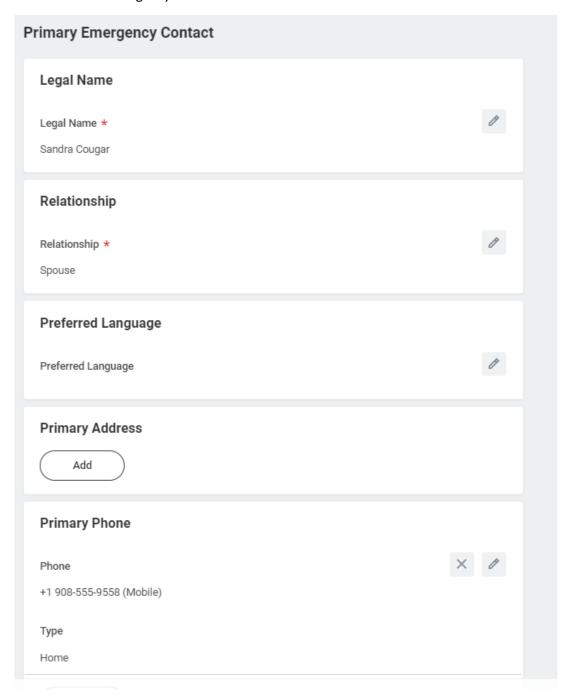

If you do not currently have an emergency contact listed on your profile, please click "Add."

Enter the required information, indicated by red asterisks, for your emergency contact.

Note: You may choose to enter information in some but not all of the fields provided, including email, phone, address, etc. However, it is recommended that a phone number be provided at a minimum to provide easy outreach in an emergency situation.

Once you have entered information for at least one Emergency Contact, click Submit to commit the data to the system.

After submitting, you will be able to see the Emergency Contact information on your profile as seen in the screenshot below. Please check the information for accuracy and make any necessary updates to ensure the data remains up to date.
