

# Kean University Lynda.com Access

## STEP 1

- Go the following link: <https://kean-edu.clearlogin.com/login>

## STEP 2

- Enter the portion of your KeanGoogle username **without** "@kean.edu."
- Then, enter your KeanGoogle password.

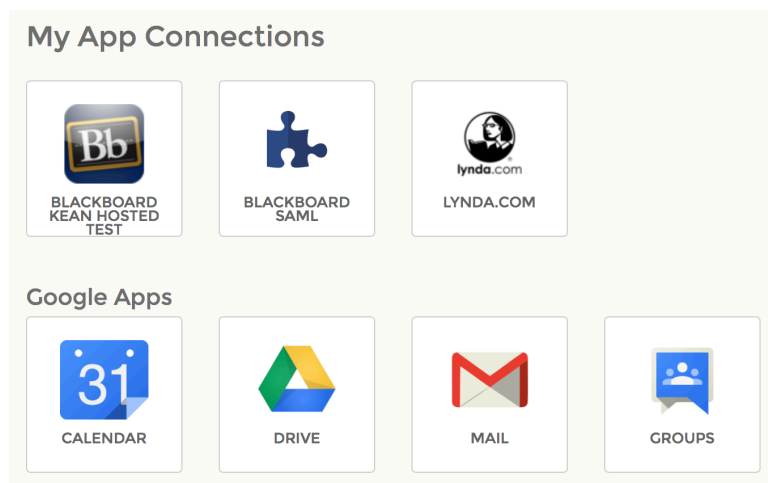

The image shows a login form titled "Kean University User Log In". It contains three input fields: "Username", "@kean.edu" (pre-filled), and "Password". Below the fields is a "Log In" button and two links: "Change Password" and "Forgot Password".

IMPORTANT: The login process will not work if you enter your full Kean email address into the Username field. For some web browsers, if you attempt to log in with the wrong username, you will need to quit your browser and reopen it to attempt logging in again with the correct username credential.

## STEP 3

- Click on the Lynda.com button, and you will be logged into the site.

The image shows two sections of application connections. The first section, "My App Connections", includes icons for "BLACKBOARD KEAN HOSTED TEST", "BLACKBOARD SAML", and "LYNDA.COM". The second section, "Google Apps", includes icons for "CALENDAR", "DRIVE", "MAIL", and "GROUPS".
