- ¹ See approved GE Distribution course list at <http://www.kean.edu/~gened/advisementinfo.html>
- ² Required of all Freshmen and Transfers with fewer than 10 credits.
- ³ All major and Additional Required courses, including the Capstone, require a grade of C or better.
- ⁴ Students who do not qualify on the placement test to take MATH 1054, must take Math 1000 from Free Electives instead. If they qualify on the placement test, or grades, to start in Math 2415, then they should take Math 2415 in Foundations, and Math 2416 in Additional Required courses, which means 3 credits more in free electives.
- ⁵ Credit granted only upon completion of two semesters of elementary or intermediate foreign language. Three credits may be applied to Humanities and three credits may be applied to free electives.
- ⁶ Students who have had prior programming experience may enter CPS 2231 directly. In this case, CPS 2231 will be counted as a General Education requirement and the student may take another three credits in Major electives.
- ⁷ Select five CPS courses, with department advisement, at the 3000 level or higher.
- ⁸ Select any 2-course lab science sequence, with 4 credits in GE and 4 credits in Additional Requirements. Both lab science courses must be from the same department (BIO, CHEM, or PHYS)
- ⁹ Students must take at least half of their CPS credits at Kean University
- ¹⁰ Two Graduate CPS courses for the MS in CIS 5-year program, may be free electives in B.S. in CS.
