CHANGE OF MAJOR FORM

How to File a Change of Major Form

NOTE: It is suggested that the Change of Major process is initiated well in advance of any registration period to allow for required processing time.

1. Complete the student information section and sign form.
2. Bring the form to the Department Chair of the major into which you want to be admitted for the Chair's signature approving the change of major.
3. Return the form to the One-Stop Service Center. You must then seek advisement from faculty in the new major of choice from that point forward.
