Art Education Admissions Requirements:

The Art Education Program seeks serious, mature, and academically strong students. Admission to Kean University does not indicate admission into the Program. Students wishing to apply to the Art Education Program must arrange an interview with Dr. Amorino (VE-430) as soon as possible. The interview must occur in Freshman year (or first semester of Sophomore year). Admission to the Program is limited and competitive. A cum GPA of 3.0 or above is required. Students must bring the following materials to the interview:

- University (or secondary school) grade records to date
- Academic writing sample (any informative paper written for a college course)
- Strongly developing studio portfolio
- Passing scores on the Praxis I test (Reading, Writing, and Math) are also required and the test must be taken following the Program admissions interview

Important Information:

- New Jersey requires a passing score on the Praxis II test (Art Content Knowledge) before certification in Fine Arts. The Praxis II must be taken in the Junior year and scores submitted to the Teaching Performance Center prior to FA 4991 (Student Teaching).
- Students must apply to the Teaching Performance Center (TPC) for all fieldwork. It is the student's responsibility to check all TPC deadlines carefully.
- Students intending to major in Art Education should begin taking studio courses in freshman year along with General Education requirements. FA 1230 (Drawing I), FA 1100 (2D Design), and FA 2405 (Drawing II) are highly recommended.
- Students are reminded that FA 2950 must be taken as a General Education course in the Humanities section.
