#### **GENERAL EDUCATION INFORMATION AND REQUIREMENTS**

## Additional Footnotes

\*\*Clinical II Prerequisite: passing score on the Praxis II. All students must earn the required qualifying scores on the appropriate Praxis II content knowledge examination(s). A passing score on the appropriate Praxis II must be submitted to the TPC by the TPC's required deadline. No student may enter Clinical II unless the passing score is submitted as required
 \*\*SAs an NJDOE requirement, Clinical II must be done in the final semester prior to graduation. Any additional coursework left to that final Clinical II semester is discouraged and may only be done with the written permission of the Dean of Education. All students are highly encouraged to complete all course requirements beyond EMSE 4811 (Clinical II) prior to this final Clinical II semester, as remaining credits (even if only a few) will delay the NJDOE's issue date of the Certificate of Eligibility with Advanced Standing.
 \*\*edTPA – This Performance Assessment is required and is completed during Clinical Practice II (Senior Field). Beginning in September 2019, all students must earn the state's qualifying score.
