MAKE A DIFFERENCE AND DONATE TODAY

Your support helps students gain real-world experience while protecting small businesses from cyber threats.

KEAN

SMALL BUSINESS CYBERSECURITY RISK CLINIC

Protect your business.
Empower your future.

Kean's Cybersecurity Clinic provides **free risk assessments** to help small businesses in New Jersey and New York strengthen their cybersecurity and resilience.

Center for Cybersecurity

U.S. Small Business Administration

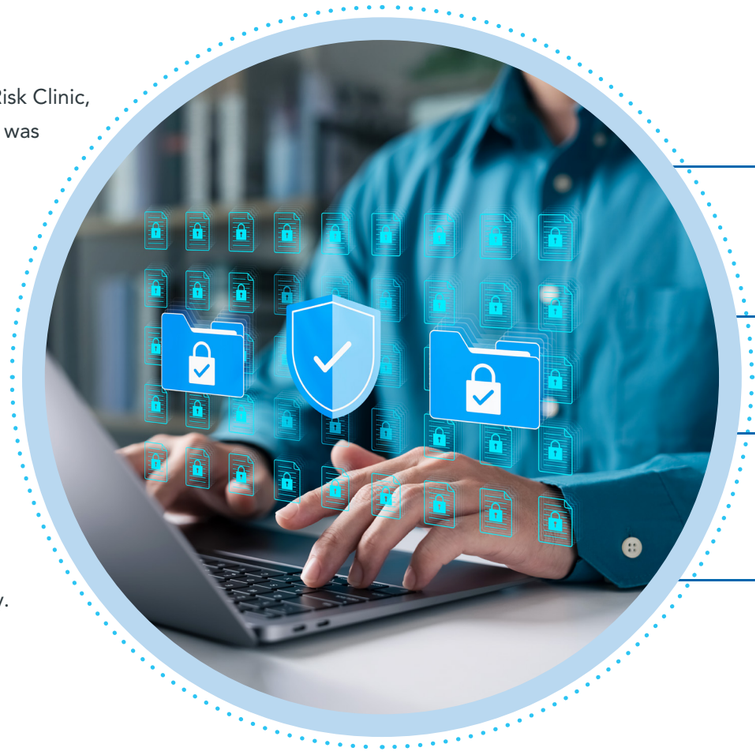

ABOUT THE CLINIC

The Kean Center for Cybersecurity leads the Small Business Cybersecurity Risk Clinic, a component of the New Jersey Regional Innovation Cluster (NJRIC), which was originally funded by the U.S. Small Business Administration.

In collaboration with the John S. Watson Institute for Urban Policy and Research, Covenant Business Concepts and NTouch-BCT Strategies, the Clinic empowers local small businesses to identify, assess and reduce cybersecurity risks.

MISSION

The clinic aims to protect small businesses while training tomorrow's cybersecurity professionals. Kean is a proud member of the Consortium of Cybersecurity Clinics, a national network advancing digital safety and equity.

SERVICES

The Clinic offers the following to secure your small business from cyber threats.

Free Services

Many services are free to small businesses in NJ or NY with annual budgets under $500,000.

Cyber Risk Assessments

Get help identifying vulnerabilities and receive actionable recommendations.

Business Resilience Assessments

Evaluate your ability to respond to and recover from cybersecurity incidents.

Mentorship and GenAI Guidance

Learn how emerging tech can safely enhance your business operations.

The Consortium of Cybersecurity Clinics

Kean University is a member of The Consortium of Cybersecurity Clinics, and the only such clinic in New Jersey.

COMMUNITY IMPACT

The Clinic's impact extends beyond campus, fostering partnerships, research and outreach programs that strengthen cybersecurity across our communities.

- **Outreach Events**
  Events include the Cybersecurity Month Webinar, OptivCon Conference, InfraGard Luncheon, FAA UAS Certification, NY Giants Cybersecurity Seminar and more.
- **Non-Profit Cybersecurity Incident Repository (NPCIR)**
  This global data resource supports nonprofits, researchers and practitioners.
- **Student Opportunities**
  Kean students gain internships, scholarships and research collaborations with partners like the *Federal Bureau of Investigation (FBI), Internal Revenue Service – Criminal Investigation (IRS-CI), National Security Agency (NSA) and Cybersecurity and Infrastructure Security Agency (CISA)*.
