

**KEAN**  
Center For Cybersecurity

# Kean University is Now Offering a Cybercrime Minor

The cybercrime minor complements a variety of undergraduate degrees, including **Criminal Justice, Accounting, Finance, Business Management**, and is open to all Kean undergraduate students.

Graduates will be highly competitive in work roles such as:

- Cybercrime Analyst
- Digital Forensics Investigator
- Security Operations Center Analyst
- Loss Prevention Specialist

This interdisciplinary combination of **criminal justice, legal policy and theory, and technological skills** prepares graduates for a wide range of **career opportunities** in both the public and private sectors.
