**What is a 1095-C Form?**

The 1095-C Form is used to report health care coverage offered to you in 2021 by Kean University. It is a reporting document required by the Affordable Care Act (ACA). You are not required to send a copy of the Form 1095-C to the IRS with your tax return. However, you should store it with the rest of your important tax information, like W-2s, when you do receive it.

**Do I get a form 1095-C?**

All employees who were full-time or who were enrolled in University-sponsored part-time health benefits programs in 2021 will receive a 1095-C Form. If you fall into either of these two categories, your 1095-C form will be accessible to you from the Benefits icon on your Workday homepage.

**What do the codes on the 1095-C Form mean?**

Below is a summary of some of the codes you may see on your form and their meanings:

**Line 14**

**1E.** Minimum essential coverage providing minimum value offered to employee and at least minimum essential coverage offered to dependent(s) and spouse.

**1H.** No offer of coverage.

**Line 16**

**2A.** Employee not employed during the respective month.

**2C.** Employee enrolled in coverage offered.

**2F.** Section 4980H Affordability Form W-2 safe harbor. (If you waived your coverage, you will likely see this code on the form.)

**What does the \$ amount in Line 15 mean, and why is it different from the amount that I actually paid for health insurance?**

Line 15 represents the amount of the employee share for the lowest cost monthly premium based on single coverage for any of the available Kean University health plans. It is not the amount that you actually paid for health insurance.
