External Reviewers must be...

- Associate or Full Professors for tenure/promotion to Associate Professor
- Full Professors for promotion to Professor
- Recognized for their experience in your field and/or subfield

Who cannot serve as an external reviewer?

Appropriate reviewers should not be in a position to benefit from your promotion.

In keeping with standard professional principles regarding conflict of interest, reviewers may not be:

- Co-authors (this includes poster presentations, special journal editions, etc.)
- Former thesis advisors, thesis students, or members of your dissertation committee (no one that was materially involved in your graduate study)
- Individuals with whom you have collaborated within the past four years
- Individuals with whom you have a financial relationship
- Relatives, household members, or anyone with whom you have a close personal relationship; this includes your spouse/partner, parents, or dependent children
- Current faculty members at Kean University
- Individuals who have employed you within the past 12 months

Who proposes external reviewer names, how many are needed, and how do we submit our lists?

Three (3) to five (5) potential reviewer names are proposed by the individuals below *(for a total of 9-15 names)*:

- Candidate
- Chair of the candidate's department (or Chair of a special promotion committee appointed by the College Dean)
- For candidates seeking promotion to associate professor, a committee of the tenured faculty who are associate and full professors
- For candidates seeking promotion to full professors, a committee of the tenured faculty who are full professors.

Information needed on each reviewer:

- Individuals' name
- Title
- Affiliation
- Area of expertise
- Email address

Names should be added to a shared spreadsheet no later than **Feb. 13/Mar. 3**
(you will receive an email from interfolio@kean.edu with a link)

It is your responsibility to review the list and ensure there are no conflicts of interest.

You will also have the opportunity to strike names for just cause (with justification).

List of proposed External Reviewers finalized by March 18.

**Do not reach out to or contact any of the potential reviewers!
Outreach is coordinated by the Provost's office.**

Best Practices & Pro Tips...

- **The FAR MODULE (“Activities” sections) is available to all faculty, all the time**
 - Be proactive in entering information on an ongoing basis to save you time when deadlines roll around!
- **NAME YOUR FILES in a way that makes sense from the start!**
 - The way you name your documents is very important for a seamless review!
 - Name files in a way that makes it obvious to reviewers (and yourself) what they are.
 - Documents will appear in a list as hyperlinks with the file name used at the time of upload.
- **Don’t forget to REGENERATE!**
 - Anytime new information is added to FAR, vitas must be **REGENERATED** for the updates to pull in
 - Vitas have specific time periods based on the process – check the date on the activity!
- **Use the “PREVIEW PACKET” button to your advantage!**
 - This will show exactly how the information is presented and will be viewed by external reviewers.
 - If something doesn’t look right to you, it won’t look right to them!

THIS IS WHAT REVIEWERS WILL SEE...

The screenshot displays a reviewer interface. On the left is a sidebar with a menu icon at the top. Under the heading "SUPPORTING MATERIALS", there are several items: "Scholarly Activities Vitae (Spring 2017-Spring 2023)" (circled in red), "Attachments from Scholarly Activities Vitae (Spring 2017-Spring 2023)" (circled in red), and "Scholarly Contributions and Creative Productions" (circled in red). Below these are three links for "Previous Professional Experience.docx". Further down are "CV" (with a red arrow pointing to it), "2024 External Review Letter to Reviewers - Tenure" (with a red star and arrow), and "Research Statement for External Review" (with a red arrow). At the top right of the interface is a search bar labeled "Search PDF" and a "Search" button. The main content area shows a PDF document. The document header includes the name "Cougar Kean", the period "Spring 2017 - Spring 2023", the title "Scholarly Activities Vitae", and the email "interfolio@kean.edu". The document content is organized into sections: "Scholarly Contributions and Creative Productions", "Book", "Submitted" (with a link to "Kean, C. (2021). Test. Test (Vol. 12, p. 100). Test Pub."), "In Progress" (with a link to "Kean, C. (n.d.). Test."), "Presentation", and "Accepted" (with a link to "Kean, C. (2021, August). Test. Test 1. NJ: Kean."). At the bottom of the interface, there are navigation icons (a square with an X, a magnifying glass, and a plus sign) and a footer with "Previous Material < 1 / 1 > Next Material".

Nuances of the submission process...

- Your case packet will reflect all usual requirements for the full reappointment or promotion process (i.e., peer observations, teaching plan, service plan). However, **external reviewers are only reviewing your scholarship** so ONLY the scholarly activities vitae with attachments, CV, Research Statement and Letter to Reviewers are needed by March 30 and will be shared with reviewers.
- You will need to click the *Submit* button in both the *Candidate Documents* and *Faculty Activity Reporting* sections of the case packet. You must hit submit under both sections in order for the documents to come through the system and be shared with external reviewers.
- Your materials will not automatically route to the department ARTP committee until the reappointment/promotion cycle is underway in Fall 2026.
- After external review is complete (by mid-August), your case packet will be unlocked so you can add the additional documents required for reappointment (student evaluations, course observations, etc.)
- Please note that while several *Candidate Documents* sections and *Forms* will be set to optional in order to facilitate submission of your packet for external review, several of these sections are required and the system will be updated to reflect this after your materials for external review have been submitted.
- Once External Reviewers have completed their assessment, the scholarly activities vitae will be reset to the full reappointment/promotion vitae for review by committees.
