

## **Forensic Psychology, M.A.**

**Contact Person:** Erica Baer

**Phone:**

**E-mail:** ebaer@kean.edu

**College:** College of Liberal Arts

**School/Department:** Department of Psychology

### **Program Description**

Forensic psychology is designed for students interested in pursuing doctoral training in psychology or law. Successful graduates pursue careers in areas such as juvenile/adult court clinics, correctional settings, law enforcement, or forensic psychiatric settings.

Removed PSY 5610 and PSY 5130 as required courses. Added PSY 5545 as a required course. Added a third free elective. This brings the program more in line with student needs and best practices based on other MA programs in Forensic Psychology.
