# COURSE DESCRIPTIONS

## COHORT B: COLLEGE OF BUSINESS AND PUBLIC MANAGEMENT MAJORS

### INTRO TO COLLEGE COMPOSITION:

Students will be introduced to academic expository writing and develop writing, reading, and critical thinking processes used across the college curriculum.

### INTRO TO ACADEMIC READING:

Students will develop proficiency in reading as well as be introduced to the content of course textbooks and the college reading level expected performance.

### BASIC ALGEBRA:

Students will be learning and discussing topics such as operations with real numbers, simplifying algebraic expressions and linear equations. The course will also cover polynomials and graphing.

### FIRST YEAR SEMINAR:

Students will develop critical reading and thinking skills as well as build community through the class experience. Each section has a particular theme that all of the covered topics and coursework will resemble.
