

Important Terms for the School of Psychology

Adjunct professors are part-time professors hired on a contractual basis.

Change of major form is needed when you want to change your major or declare a major. The form must be signed by Dr. Avioli or Prof. Mastrobuono and then the student takes the signed form to the Registrar.

Collateral program is similar to a minor; however, it is offered by two or more departments/school (e.g. Women's studies)

Grade Point Average (GPA) is calculated as the total number of grade points received over a given period divided by the total number of credits awarded.

GPA CALCULATOR (<http://www.kean.edu/~cas/gpacalculator.html>)

Guide Sheet(s) are used to keep track of what classes are already taken and what classes are needed in order to fulfill the requirements for graduation.

Lower level free elective means that the class is a 1000-2000 level course.

Upper level free elective means that the class is a 3000-4000 level course.

Minor means a secondary field of study or specialization during undergraduate studies. *See the department you are interested in for more information*

Second major is a major that is not offered independently but which a student may pursue in addition to a primary major.

The Program Evaluation shows the students' total amount of credits that have been transferred from another college/university, courses taken at Kean, in the process of being taken, and pre-registered courses. It can be found at KeanWise (www.webreg.kean.edu).

Resident Faculty member is someone who is a full-time professor within the University.
