Candidate Instructions

Due: Jan 27, 2023

Please upload your Curriculum Vitae and complete the two (2) required forms: Release Time for Research Application and RTR Verification Form. Make sure to hit the "Submit" button in the Candidate Document section.

In recognition of the time that rigorous scholarship takes to produce, Kean University will support up to six (6) hours of released time per academic year for research for qualified proposals from tenure track and tenured faculty. The award cycle will cover the contract period from September 1 to June 30.

Released time for research is provided to a faculty member in the initial award cycle based upon approval of a research plan that includes measurable outcomes and a timeline, and in subsequent cycles on reflection of that research plan together with demonstrated progress on the research project(s) that prompted the award of released time.

Applicants should indicate where they intend to place their work in prospect (i.e., during the first application cycle), and in subsequent cycles must provide evidence that they have been successful in securing those or comparable placements. Consideration will be given for projects that have a multi-year completion timeline such as book projects to be submitted to distinguished university presses.
