Benefits Impact During Unpaid Leave

This document will help you understand how your benefits are impacted during an unpaid leave of absence.

During an Unpaid Leave of absence, you may have exhausted your Paid Time Off (PTO) or elected not to use them.

When you are on Unpaid Leave at Kean University, you may be eligible for

- Temporary Disability Insurance (Cash Benefits for Health Conditions or Pregnancy/Recovery) and/or
- Family Leave Insurance (Cash Benefits to bond with a newborn, newly adopted, newly placed foster child, or to provide care for a seriously ill or injured loved one.)

Your Benefits

During an Unpaid Leave of absence, you will not have pay from the University and therefore will not have payroll deductions for your benefits. However, while you are on unpaid leave of absence covered by FMLA and/or NJFLA, your health care benefits (including medical, dental and prescription drugs), and your voluntary benefits (including vision, legal, voluntary life and/or AD&D) will continue to be provided for a maximum of three months as long as you continue to pay your usual monthly premiums. (In the case that the leave is for maternity and subsequent bonding, benefits will continue throughout the unpaid period covered by FMLA and/or NJFLA, as you continue to pay your usual monthly premiums.)

When making payments, please make your check/money order payable to – “Kean University”

You must have separate check/money order for each payment/benefit.

The check/money order can be mailed or dropped off at the Office of Human Resources located on the 2nd Floor of the Administration Building.

When mailing, please send to Kean University, Office of Human Resources, Attn: Lorice Thompson-Greer, 1000 Morris Avenue, Union, NJ 07083.

Please note that in order to continue your health care coverage after the three initial three months have elapsed, you may do so through **COBRA** (and pay the full health care premium).
