LIFE INSURANCE

If you retire with 10 or more years of service credit in the retirement system, the amount of your group life insurance will be substantially reduced when you retire. The amount of your coverage will be listed in the Quotation of Retirement Benefits that you will receive prior to your retirement. You will automatically be covered by this insurance and do not need to do anything to qualify.

The reduction of your life insurance coverage will be effective 31 days after your date of termination. You may convert existing life insurance (less any amount of coverage carried over into retirement) into an individual whole life policy. For more information, see the [Conversion of Group Life Insurance - Fact Sheet #13](#).
