

Record Request Form

In order to obtain a copy of immunization records, you must authorize the release of your record. A record request form must be filled out, signed (**electronic signatures are not accepted**), and sent to our office for processing. Incomplete forms will not be processed and requests may take up to five business days to process. There is no fee for record requests.

As of June 2018, Student Health Services only accepts digital copies of records uploaded into the patient portal. Records submitted prior to June 2018 are limited to what the state required at time of admission. Records are kept for ten years from the time of submission.
