
LAB SAFETY AGREEMENT

I have read and understand the basic Laboratory Safety Procedures outlined, have received a safety briefing online, and will read the appropriate sections of the NJCSTM Laboratory Safety Manual in order to better understand the general safety procedures and fire safety practices here in the STEM building at Kean University.

I understand that any research I do in NJCSTM is subject to rules contained within the NJCSTM Laboratory Safety Manual as well as within the lab in which I work. I will endeavor to educate myself about these rules and follow them. If I handle hazardous materials, chemicals, or biologicals, I will read about how to handle them safely in the Chemical Hygiene Plan and the Blood-Borne Pathogens Exposure Control Plan, both of which are available in the NJCSTM Laboratory Safety Manual binder in my lab and online.

I will contact the NJCSTM Safety Officer, Nan Perigo, in case of any questions regarding procedures or other concerns. (nperigo@kean.edu, 908-737-7227, or visit room 118)

I agree to abide by the STEM safety guidelines, outlined above and in the Safety Packet, to keep myself and my colleagues safe in the laboratories in which I work.

Print Name *Signature* *Date*

Email address *Phone*

Company *Supervisor*

This form is to be completed and signed, then given to the STEM Safety Officer to be put on file in the STEM Safety Office. The information packet should be retained for reference.
