
LAB SAFETY AGREEMENT

I have read and understand the basic NJCSTM Laboratory Safety Procedures, have received a safety orientation (either online or in person), and will read the appropriate sections of the NJCSTM Laboratory Safety Manual in order to better understand the general safety procedures and fire safety practices here in the STEM building at Kean University.

I understand that any research I do in NJCSTM is subject to rules contained within the NJCSTM Laboratory Safety Manual as well as within the lab in which I work.

I understand that there are to be NO UNAUTHORIZED EXPERIMENTS in any lab at any time, and that the supervising professor or staff member must be fully aware of any experiment I am doing and has approved of all my procedures. I will contact a professor or staff member if I have any questions on procedures, and will not work alone in a laboratory when performing work with hazardous biologicals or chemicals.

I will contact the NJCSTM Safety Officer, Nan Perigo, in case of any questions regarding procedures or other concerns. (nperigo@kean.edu, 908-737-7227, or visit room 118)

I agree to abide by the STEM safety procedures, outlined above and in the Student Safety Packet, to keep myself and my colleagues safe in the laboratories in which I work.

Print Name

Signature

Date

Course/Section, Name of Lab Supervisor/Instructor

This form is to be completed and signed, then given to the STEM Safety Officer to be put on file in the STEM Safety Office. The information packet should be retained for reference.
