PURPOSE

Hosting events is the perfect way to connect to potential members, keep current members eagerly involved and even scout for student groups to partner with. Start by creatively planning and utilizing Kean University’s resources to share your club’s passions with those around you. This booklet serves as a student group event planning resource guide for students by providing information that will help you do just that!

THINGS TO KNOW BEFORE YOU BEGIN

WHAT IS EVENTS BOARD?
The Kean University Events Board is a collective body of senior-level professional staff members that formulate general and specific policies guiding Kean University officers and programming committees, advise Kean University resource areas, and review and approve all co-curricular student activities. All major events are processed and ultimately approved by the Kean University Events Board following the initial approval(s) of the appropriate administrative department(s).

WHAT IS VIRTUAL EMS?
Virtual EMS is Kean University’s online room and space reservation system. Student group executive board members may only reserve meetings directly in Virtual EMS. All other events or programs must first be submitted through a Cougar Link event submission form. Virtual EMS is accessible online at http://events.kean.edu and uses the same login credentials as your Kean Google account.

WHAT IS COUGAR LINK AND HOW DO I SUBMIT AN EVENT?
Cougar Link is Kean University’s online student group management and co-curricular involvement tracking system. Student groups must submit a Cougar Link event submission to gain approval to reserve space and host events at Kean University.

To create an event submission through Cougar Link, please follow these steps:

1. Access Cougar Link at https://kean.campuslabs.com/engage from your computer or mobile device.

2. Login using your Kean Google username (with “@kean.edu”) and password.

3. Enter the “Action Center” [ ] through the menu or go to https://kean.campuslabs.com/engage/actioncenter.

4. Select the organization that will be hosting the event you are submitting.
Please note that you must be in an executive board role within Cougar Link that has administrative access to the organization’s events in order to create an event submission for your organization.

5. Enter the organization menu [≡] and select “Events”.

6. On the “Manage Events” page, select “+ Create Event” [CREATE EVENT] on the top right and complete the online event submission form within Cougar Link.

7. Upon submission, the appropriate administrative reviewer(s) will be notified and can review your event submission for approval.

RESERVATION TIME FRAMES

Reservations for events may only be placed once an event concept is approved by the appropriate administrative department(s) and/or Events Board. Reservations must be placed into the Kean University reservation system, Virtual EMS, at least five business days in advance of the event.

If your event submission is not fully approved by the appropriate administrative department(s) and/or Events Board, your event submission will remain as pending. It is important to submit your event through Cougar Link at least 15 business days prior to your event. If your Cougar Link event submission is not approved by the appropriate administrative department(s) in a timely fashion, you may be forced to postpone your event if it is not fully approved within five business days prior to your event date. Major events must be fully approved by the Events Board at least one month in advance of the event.

Please note the student group executive board member that submitted the Cougar Link event may view the status of their event by going to https://kean.campuslabs.com/engage/submissions/events. It is important that the host organization speaks with the appropriate administrative department(s) regarding the status of their Cougar Link event submission, to submit any outstanding forms and/or provide the clarification needed for full event approval.

TYPES OF EVENT APPROVALS

Department Approval: A department approval is the first step in the Kean University event approval process. Each recognized student group has a designated administrator(s) to review and approve their event submission. It is the responsibility of each administrative department to begin reviewing a new event submission within two business days following the submission. The administrative department(s) will also represent your organization when the Events Board reviews your event submission for concept and full event approval. It is extremely important for student groups to ensure that their administrative department(s) are fully aware of all aspects of their event and that all appropriate paperwork is submitted timely.

Concept Approval: Events Board can issue a “concept approval” for a student group event submission. A concept approval means that the event may be missing some required paperwork, but will most likely occur and meets the requirements for full approval once all necessary paperwork is submitted. Once an organization receives concept approval for their event submission, they may begin advertising their event and their event space will be placed on hold. The event space reservation will not be confirmed until the event submission is fully approved by the Events Board.

Full Event Approval: A full event approval is the final step of the event submission
approval process by Events Board. Full event approvals are only issued when all appropriate administrative department(s) have approved the event, all required paperwork has been successfully submitted and Kean University resources (ex: facilities, security, funds, etc…) are available to host the event. Upon full event approval, the organization may begin advertising, selling any tickets through the Kean Stage Box Office and will have their event reservation approved and confirmed through Virtual EMS. The event will also show in the Cougar Link calendar and become syndicated throughout Kean University to advertise to students.

**EVENT NOTIFICATIONS**

All notifications for event submissions will occur through Cougar Link and/or Virtual EMS through email. **It is imperative that student group executive board members review their Kean University email and read all messages carefully.**

All Virtual EMS confirmations will be sent through email ONLY to the executive board member identified in the contact information. Virtual EMS confirmations will include all of the reservation details. Please review your confirmations carefully to ensure that your reservation matches your organization’s desires for the event.

All Cougar Link event submission notifications – approvals, denials, event comments, etc… – will only be sent to the executive board member that submitted the event in Cougar Link. All executive board members are strongly encouraged to review their Cougar Link notification settings at https://kean.campuslabs.com/engage/account/notifications. It is recommended that all executive board members adjust their notification settings to receive all notifications related to events submissions, forms and reviewer notifications.

**Failure to review and respond to event notifications will result in delays in the event submission approval process and may result in your event being denied/cancelled if the event is not fully approved within the designated event approval timeline.**
STUDENT GROUP MEETING RESERVATIONS

Executive board members of recognized student groups may submit reservations for meetings directly through Virtual EMS. When submitting a Virtual EMS meeting request, executive board members can view all of the available meeting locations and their availability. Meetings are the only type of reservation that can be directly submitted by student groups. All other reservations, such as major events, bake sales, tabling, and speakers and programs, need to first be properly submitted and approved through Cougar Link before the reservation will be submitted into Virtual EMS on behalf of the student group.

To advertise and promote your student group meetings, your organization should also submit a Cougar Link event submission for each individual organization meeting occurrence. Your Cougar Link submission will not be approved until your Virtual EMS event submission is approved and your room is reserved. A Cougar Link event submission will allow prospective members to find out about your meetings and transmit your meeting information to the University plasma screen network.

If you have any questions regarding Virtual EMS or the status of your student group meeting request, please contact the Miron Student Center Operations and Event Management Office, located in Miron Student Center, Room 6, by calling 908-737-5200.
PLANNING A MAJOR EVENT

WHAT IS A MAJOR EVENT?

“Major Events” are defined as, but not limited to, events that:

- Have total event cost of $2,000 or more - including donated services (ex: food, entertainment, professional services, security, maintenance),
- Occurs in ANY of the following locations; Wilkins Theatre, Downs Hall, Harwood Arena or D’Angola Gym (excluding meetings), Miron Student Center Little Theatre, Miron Student Center Cougar’s Den, STEM (excluding meetings), NAAB (excluding meetings), GLAB (excluding meetings), East Campus Lower Gym, and/or Exterior University Grounds (outside event),
- Have expected attendance is 200 or more people (including entertainment), and/or
- Involves a high level of significant physical activity (athletic/recreational competitions, dance performances, etc.)

HOW LONG IN ADVANCE MUST AN EVENT FORM FOR A “MAJOR EVENT” BE SUBMITTED ON COUGAR LINK?

An executive board member of the recognized student group must submit a major event proposal form on Cougar Link outlining a general layout of the event they would like to implement at least one month prior to the event date. Major events must be fully approved by the Kean University Events Board at least one month in advance of the event. Student group executive board members are encouraged to submit their major event submission request through Cougar Link approximately six to eight weeks prior to the event so that it can be properly reviewed and approved by the appropriate administrative department(s) prior to seeking full approval by the Events Board.

EVENTS LOTTERY

The Miron Student Center Operations and Event Management office hosts an Event Lottery twice per year, once during Fall and Spring semester. The Event Lottery allows recognized student groups to submit either a cultural event or party proposal for the chance to reserve Downs Hall. If a student group proposal is selected, a representative from the student group must participate in the Event Lottery, which will provide the student group with a drawn date and the tasks arranged by deadlines. Be mindful, that once an event proposal is approved for Event Lottery, it may not be altered.

All cultural events may occur Monday through Wednesday from 7 p.m. to 11 p.m. and all parties may occur Thursday through Saturday from 9 p.m. to 1 a.m. Limited dates are available and student groups must participate in the Event Lottery process to obtain a Downs Hall reservation date.
