

VMock Mock Interview

How-To Guide

VMock Mock Interview platform, targeted toward the desired career, leverages state-of-the-art techniques in Computer Vision, Natural language processing, and Machine Learning to help users unlock their full potential in interviews. The platform offers real-time guidance which is customized to each user's career aspirations. It aims to deliver pointed feedback on pertinent interview parameters so as to allow maximum conversion of an interview attempt. Users also gain actionable guidance in the form of samples such as tutorial videos and articles for each feedback module.

KEY BENEFITS

NON-VERBAL

Focuses on your body language & provides insights to create a better visual impact on the recruiters

DELIVERY OF SPEECH

Analyzes speech on certain audio parameters & provides feedback symbolizing confidence in interview speech

CONTENT STRENGTH

Evaluates the content to check the structure and presence of necessary elements in the interview response

SALIENT FEATURES

- ▶ VMock Mock Interview platform provides built-in mock interview sets for 100+ career tracks for students to practice.
- ▶ Students can create their own custom mock interview from the question library section on the platform or ask their peers and coaches to create one.
- ▶ Students can attempt assessments floated by career coaches and receive AI feedback. On the other hand, career coaches can verify the submissions and add their own feedback to the interviews.
- ▶ You can also type your response instead of recording it with the Script feature. Add your responses to the question in Mock Interview and get feedback on the content.

GETTING STARTED

Follow these steps to access Mock Interview:

- Go to www.vmock.com/kean.
 - Once registered, the platform will redirect you to the user dashboard.
 - Go to 'Interview' by navigating to the tabs at the top of the dashboard and select 'Mock Interview' from the drop down.
 - Follow the instructions and get the calibration done.
- After the interview, you can view the detailed feedback and video summary of your performance.
- Understand the steps to overall improvements in the summary section to take your interview to the next level.
 - Go through the know more and next steps in detailed feedback section.
- Incorporate the overall feedback in your next interview. You can also share your video to your career coach and peers for the Network Feedback.

SCRIPT FEATURE

Alternatively, you can access the script feature where you can view the feedback for your content. Here's how to access it.

- Log in to and go to user dashboard.
- Go to 'Interview' by navigating to the tabs at the top of the dashboard and select 'Mock Interview' from the drop down.
- Click on the create script option, select the question set that the students wants to attempt.
- You can write your response and get feedback for the same.

VMOCK TARGETED FEEDBACK

Your Goal – achieve all the objectives till level 5

You will get instant interview strength and comprehensive feedback after your interview is complete. Watch your interview and follow the time-aligned feedback to make improvements and practice the interview to work on your improvement areas.
