

Maintaining Emergency Contacts

Emergencies can happen at any moment at work, so having current emergency contact information on file for all employees is important. The Office of Human Resources is requesting that all employees add or update their Emergency Contact Information in Workday. Emergency contact information will remain confidential and will only be utilized by HR personnel in the event of an emergent situation.

Employees have control of their own information when it comes maintaining their Emergency Contacts. To facilitate the collection of this critical information, a request to update your Emergency Contact Information will be launched to your Workday inbox on Tuesday, February 21st. Kindly follow the steps below to review and complete the entry of at least one Emergency Contact by Friday, February 24th.

From your inbox, locate the “Review and Update Emergency Contact” task.
