

A whole new year. A whole new way to commute.

2017 offers new beginnings and the opportunity to make improvements in your life – both big and small. Start the year off right by reducing the cost of your commute to and from work by enrolling in your employer sponsored Commuter Benefits Program. You can use the money you save to make other changes – like getting a new gym membership, taking community college classes or building your rainy day fund.

With the WageWorks® Commuter Benefits Program, you can elect to have the money you spend on your commute automatically deducted from your paycheck before taxes are taken out – potentially saving you up to 40%* on eligible expenses.

You can save **up to \$1,225**** a year on your commute using public transportation and **up to \$2,450**** a year if you drive and park your car as part of your commute!

WageWorks has teamed up with Uber to simplify your commute.

Through our new partnership with [Uber](#), you now have the flexibility to use pre-tax funds to pay for uberPOOL rides when you commute in New York City, Boston, Washington D.C., San Francisco, Philadelphia, Las Vegas, Denver, Atlanta, Miami, and the state of New Jersey with more markets to follow. To use uberPOOL, simply select the TransitChek® QuickPay Prepaid Visa® Card when you enroll.

And, if you are a new Uber user, you can receive \$5 off each of your first three uberPOOL rides when you use the promotional code posted on our [partnership webpage](#).
