Adoption and Insights Portal for Course Materials

Dear Faculty and Department Administrators,

We are excited to introduce the Adoption and Insights Portal (AIP), your new source for researching and adopting course materials.

In partnership with the Barnes & Noble at Kean University Bookstore, we are introducing this new portal to help us achieve our goals of student success and retention by ensuring course material adoptions are submitted asap.

Submitting your adoptions early and directly to the bookstore ensures that students will get the right course materials for their course at the most affordable price.

With the new platform faculty and department administrators can:

- Save time with the one click re-adopt feature
- Research and adopt course materials in one convenient place
- Compare estimated student price and available formats before adopting
- Review affordable alternatives like OER and BNC OER+ Courseware
- Learn about affordable options for your students like Price Match and First Day
- Receive 24/7 support

As a part of this launch, we have also integrated the platform with the campus Single Sign On (SSO) technology. Access to AIP will be available on Kean's Academic Affairs webpage, or you can access it directly via this link: https://sso.bncollege.com/bes-sp/bessso/saml/keanedu/aip/logon
