

Community Connection

The end of the Spring 2022 semester is here, and the Office of Residential Student Services wants to commend you on making it through! We also extend our congratulations to all graduating seniors for the Class of 2022! Graduating from a university is not something that everyone has the privilege to do. Therefore, you should be proud of your accomplishments!

Thank you for your commitment to the Residential Community and for continuing to make our residence halls a safe, supportive, and inclusive environment. Your engagement in the community and participation in our programming and events has been greatly appreciated. We hope that you have enjoyed your experience!

With summertime around the corner, we hope that you are able to find the time to enjoy the weather, relax, and celebrate your accomplishments!
