Creating a Class & Creating the First Assignment On TurnitIn.com

1. Open a Web Browser and go to [http://www.turnitin.com](http://www.turnitin.com)
   In the upper right hand corner login in with the email address you used for creating your profile.

2. After logging in with your email and password a similar screen will be displayed.
   To create a class clicks Add a Class
3. Enter a name for the class and create an enrollment password for the students to use. Click *Submit* when finished.
4. After submitting the class name and enrollment password the screen below will be displayed. Students will need BOTH the Class ID and the Enrollment Password to join the class.
4. Now the class is ready for use. Next let’s create the first assignment.
5. Click on the class you created and the screen below will be displayed. *Create a new assignment* for student to submit papers to.
6. To create an assignment, enter an assignment title and choose the start and due dates for the assignment, then click *Submit.*
7. Now the assignment is ready to have students submit paper to.
